PRINCESS WANTS PULLMAN CAR A "WHITER WHITE"

Princess Parlaghy.

New York, July 21.—When Princess Lovot Parlaghy returns to New York six weeks hence she is going to have seventeen servants instead of an even dozen, which she took away with her to Paris. She is also going to pay \$3,500 a month for her rooms in a New York hotel. To help pass away her time the princess will paint a portrait of President Taft and give it to charity. For a year past the princess has been busy painting men of prominence in this country, but she refuses to accept money for her work. Emperor William has seven life-size paintings of himself, done by the princess, and her only pay has been decorations and medals and letters of thanks. Princess Parlaghy has money and plenty of it; also an estate in Hungary, one in Russia and a private home in Paris.

Posses With Bloodhounds After Four Negroes

(Special from United Press.)

Raleigh, July 21.—A posse with bloodhounds is this afternoon searching the woods near Spencer, for three negroes, who beat Columbus Sheppard of Washington, D. C., unconscious today and robbed him of \$200. It is feared Sheppard is fatally hurt. If caught the negroes are likely to be lynched. Another lynching is expected in Anson County, where citizens with dogs are searching for Claude Thomas, a negro who shot and killed officer J. M. Slings of McFarland.

A FEW SHORT WEEKS.

Mr. J. S. Bartlett, Edwinstown, Ill., writes: "A few months ago my kidneys became congested. I had severe backache and pain across the kidneys and hips. Foley Kidney Pills promptly cured my backache and corrected the action of my kidneys. This was brought about after my using them for only a few short weeks and I can cheerfully recommend them." F. B. Brill and Curtis Pharmacy. *135

MONROE.

(Special Correspondent, Farmer.)

Monroe, July 21.—The School board this week ended the long discussion by voting to close the Walker Farm school next term, the same as lower Steptoe, on account of the very small attendance of pupils residing in Monroe. Standing close to the school line, this has been in the past, under the former district system, a joint school, scholars coming here from that town, last term nearly a dozen attending to three Monroe residents. The latter will be sent to the East Village school. The Newtown children will have to be provided for by that town, this abolishing a custom prevalent for several decades, is probably a cause to make the Newtown officials say things and do things too, as one of our officials thinks the case will go to law.

Mayor Rice of New Haven, who still maintains his summer residence at East Village and occupied by him and family, gets back to the land at the week end over Sunday and oftener. The old style farm house, modernized, is about the coziest in Monroe and the genial Mayor thinks he is resting some when he is domiciled there, to "hide a wee" or longer.

Monroe Center will progress a little if the proposed new arrangement is carried out by the telephone company. Better and enlarged service is promised and we are waiting to see. Marshall Beach's general store is to have a telephone pay station on account of increasing business. This will also relieve his numerous house calls. Also, where desired, desk telephones will replace the wall apparatus. There is also to be a charge to call from Bridgeport and this won't suit some.

Edward G. Wheeler, brother of Albert Wheeler, arrived here Tuesday from Alabama to pass the summer. Although Mr. Wheeler is almost an octogenarian, he has had a long journey in safety and good health. He is the eldest of the six remaining Wheeler children.

Town Clerk Siles M. Clarke has great recuperative powers. Although taken down again with his old ailment during the late hot spell and under the doctor's care, he comes up and out smiling this week and is getting into form again.

This has been a record summer for haymakers, nearly everyone except the eleventh hour people hereabouts getting in their crops without the least bit of rain interfering.

H. J. Lord will in a few days have men to work grading and laying out the grounds adjacent to his new residence, including the construction of driveways and walks.

Mrs. A. W. French, Jr., and two children are passing the summer at the country home of her parents in Huntingdon county, Pennsylvania.

Work on repairs to the Center school house is to be commenced in a few days. A new floor is to be laid and some improvements made.

The wit of the Stove Club rises to remark that don't think the "Hosstralian" ballot will make a good run this fall.

LIVE STOCK MARKET.

NOTICE TO AUTOMOBILISTS

Owing to the fact that certain automobilists have taken advantage of the smooth road to speed their autos on the new piece of macadam extending from Long Hill to the City line, and inasmuch as no macadam road will stand excessive speed, much less a new one, the damage to the Contractors, personally, is very large. As this road has not been accepted by the Highway Commissioner, and, until it is, remains the property of the contractor, anyone going over same faster than fifteen miles an hour will be prosecuted for damage to property.
